

K-LOVE is a vital radio station for our nation. It provides Christian music and values that are so important to grow a strong family in todays times. It would be a great lose if LPFM would have priority and we would lose this radio station. I have been a listener of KLOVE as I have traveled and moved across the US and it has been like having family wherever I go. I know my kids can listen without the advertisers and bad language and unacceptable music. Please find a way so my family and many others do not lose the ability to hear KLOVE. Thank you and my prayers will be with you as you make this decision.
